PRACTICE COMPLAINTS PROCEDURE

If you have a complaint about the service you have received from any member of staff working in this practice, please let us know. The practice operates a Complaints Procedure as part of the NHS system for dealing with complaints.

Note: If you make a complaint it is practice policy to ensure you are not discriminated against, or subjected to any negative effect on your care, treatment or support.

HOW TO COMPLAIN

In the first instance please discuss your complaint with the staff member concerned. Where the issue cannot be resolved at this stage, please address your complaint to the Practice Manager, Lin Miners who will try to resolve the issue and offer you further advice on the complaints procedure. If your problem cannot be resolved at this stage and you wish to make a formal complaint please let us know as soon as possible, ideally within a matter of days. This will enable the practice to get a clear picture of the circumstances surrounding the complaint.

If it is not possible to raise your complaint immediately, please let us have details of your complaint within the following timescales:

- Within 6 months of the incident that caused the problem
- OR**
- Within 6 months of discovering that you have a problem, provided this is within 12 months

The practice will acknowledge your complaint within three working days.

When the practice looks into your complaint it aims to:

- Make arrangements for you to discuss the problem if you would like this
- Ascertain the full circumstances of the complaint
- Make sure you receive an apology, where this is appropriate
- Identify what the practice can do to make sure the problem does not happen again
